Annual Security Report

FOREWORD

On behalf of the University Community, welcome to the University at Albany!

At the University, our foremost concern is the safety and well-being of the students, faculty, staff and visitors. The University Police Department (“UPD”) is dedicated to providing service in keeping with our focus on Community Policing. We are here 24 hours a day, every day working to maintain and improve the safety, security, and quality of life within our community.

The University at Albany has more than 17,000 undergraduate and graduate students, with approximately 4,000 faculty and staff. There are 115 buildings and 12 miles of public roadways within the campus boundaries. And the Campus keeps growing!

Our 400-acre uptown campus is situated on the western edge of the City of Albany; the smaller downtown campus, with classrooms and residence halls, is situated in the middle of the city; the East Campus is in the town of East Greenbush. The data from all campuses are included in this report.

UPD works closely with students, faculty and staff across the campus to achieve the highest levels of personal safety possible. UPD is staffed around the clock, 365 days a year, with 35 professional law enforcement officers and 30 security officers. These officers routinely visit residence halls and offices to discuss safety. One campus effort, dubbed "Park, Walk and Talk," gets police out of their patrol cars to walk where students see them.

The University provides an extensive array of campus security programs and procedures which are described on the following pages. Our continuing effort to improve safety has led us to implement several initiatives – including creation of the Committee on University & Community Relations, an uptown campus bicycle patrol, a Ride Along Program, regular foot and bicycle patrols on the academic podium and an uptown campus shuttle, beginning in the late afternoon and continuing until midnight. We also meet regularly with local police, government officials, neighborhood association and community leaders, and landlords, seeking ways to make on-campus and off-campus living safer for our students. While this report is updated annually, we encourage you to check on the University’s website for periodic updates on campus security, and safety and victim support programs offered by UPD, Student Success, Residential Life, the Counseling Center, the Sexual Assault Prevention Program, Employee Assistance Program (“EAP”) and other campus offices and departments.

While we have developed procedures and policies to ensure that students and their possessions are protected as much as possible, it is primarily the responsibility of the student, faculty or staff member to provide for his or her own safety and security by taking simple, common sense precautions, and by reporting information to UPD or other campus security authorities, including
the Office of the Vice President for Student Success, the Department of Residential Life and the Office of Personal Safety and Office Campus Affairs.

All campus crime and incident reports are posted promptly on the University's website and are distributed to the student newspaper and other offices across campus. In cases where a reported crime appears to threaten the safety of the campus community, the University takes additional steps, such as leaflets delivered to every student room, email notifications, telephone alerts and television notices, to notify the campus community of what has occurred and the steps that are being taken.

UPD provides 24-hour-a-day, 365-day-a-year mobile and foot patrol protection to all University campus properties as well as nearby facilities rented or leased by the University.

The University and UPD strive to promote and maintain a campus environment conducive to academic achievement. A truly safe campus can only be achieved through the cooperation of the entire campus community. With your help and participation and our commitment, we are confident that the time you spend with us will be safe and productive.

Sincerely,

J. Frank Wiley, Chief

John M. Murphy, Clery Compliance Officer

CAMPUS CRIME STATISTICS

Under the Clery Act campuses are required to report campus crime statistics for certain offenses, hate crimes, arrests and disciplinary referrals to the campus judicial process. In all cases this data must be broken down according to the geographic location of the occurrence of the offense. These locations are defined as the campus “Clery Geography” under the Act.

Clery Geography

On Campus

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and

Any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

On Campus – in Residential Halls

“Dormitories or other residential facilities for students on campus” is a subset of the on-campus category. Institutions must disclose the total number of on-campus crimes, including those in dorms or other residential facilities for students on campus, and must also make a separate disclosure limited to the number of crimes occurring in student dorms or residential facilities on campus. As a subset, the number of crimes reported for dormitories or other residential facilities must be less than or equal to the number of reported crimes for the on-campus category.

Non-campus Building or Property

Any building or property owned or controlled by a student organization that is officially recognized by the institution; or

Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

On Public Property

All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
CRIMINAL OFFENSES (MAIN CAMPUS)

The following criminal offenses are reportable offenses under the Clery Act for the **Main Campus** (including the Downtown Campus and Alumni Quad).

**Note:** On campus statistics include both incidents reported to police and those reported to non-police officials and may therefore contain multiple entries for the same incident.

Following direction from the US Department of Education beginning with the 2011 compilation of statistics an incident is classified as a burglary only if evidence supporting that the offense had been committed by a person who did not have license and privilege to be in the building or other structure was documented. This change in classification has resulted in a significant change in the number of reportable burglaries under Clery.]

DISCLOSURE OF POLICY STATEMENT

Preparing and Reporting the Annual Disclosure of Crime Statistics

Campus crime, arrest and referral statistics include those reported to UPD, designated campus officials (including Office of Student Success, Residential Life, Office of Conflict Resolution and Civic Responsibility, Office of Human Resource Management and Academic Deans), and local law enforcement entities. Crimes are reported that occur on campus, on locations that are contiguous to the campus, and buildings or properties that are either owned or controlled by a campus affiliated entity, including officially recognized student organizations. Please see the University Map herein for the boundaries of crime reporting in accordance with the Clery Act.

Campus policy encourages every member of the campus community to report a crime promptly to UPD or campus security authorities, and the Counseling Center, the Student Health Center and Chapel House clergy inform their clients of the University’s voluntary confidential reporting procedures in the event a person does not want to pursue action either within the federal or state criminal justice system or within the University’s discipline system. A procedure is in place to capture crimes statistics which are disclosed anonymously to UPD or the Counseling Center.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provides the web site to access this report. Copies of the report may also be obtained at the University Police Department located at the east side of campus, just off University Drive East at the east end of Indian Parking Lot or by calling (518) 442-3130. All prospective students may obtain a copy by calling UPD or the Undergraduate or Graduate Admissions Office, or by visiting the web site at http://police.albany.edu/ASR.shtml. All prospective employees may obtain a copy by calling UPD or the Office of Human Resource Management, or by visiting the above web site.

Of note, the federal Clery Act may define a particular crime differently than that crime is defined under the New York State Penal Code. For the purposes of this Report, the University uses the Clery Act definitions of crimes. Please see herein for the Clery Act definitions.
Campus Law Enforcement Authority and Jurisdiction

UPD officers have complete policing authority to apprehend and arrest anyone involved in illegal acts on campus and areas immediately adjacent to the campus, from major offenses such as rape, murder, aggravated assault, robbery and auto theft to more minor offenses such as traffic violations. As part of their policing authority, they also have the authority to execute arrest warrants and search warrants, to execute bench warrants, take into custody and transport, in accordance with the NYS Mental Hygiene Law, a person likely to be a danger to himself or herself or others, conduct a temporary detention and emergency search for a weapon, and accept possession of lost property.

If minor offenses involving violations of University rules and regulations are committed, including, but not limited to violations of the Community Rights and Responsibilities (CRR), UPD may also refer the individual to the disciplinary division of the Office of Student Success or the Office of Human Resources Management.

UPD works closely with local, state and federal policy agencies, and it has direct access to national and statewide computer data bases for accessing criminal history data, nationwide police records, driver/vehicle identification information as well as other law enforcement information. UPD also maintains cooperative agreements with Albany City Police and the Guilderland Police relative to joint policing, investigations and enforcement to secure the safety of the Campus, and the contiguous town and city. Namely, these agreements state that UPD will be primarily responsible for the investigation of crimes occurring on campus property, and the contiguous law enforcement agencies will be primarily responsible for the investigation of crimes occurring in their respective jurisdictions; the departments will cooperate with each other in such investigations.

Daily Logs

UPD maintains a daily log of all department activity. The log is available for viewing at the station upon request or at http://police.albany.edu/CandISearch.shtml.

Policy on Off-Campus Crimes

When a University student is involved in an off-campus offense, UPD officers may assist with the investigation in cooperation with local, state or federal law enforcement. The uptown campus sits in part in the Town of Guilderland, but mainly in the City of Albany. The downtown campus is in the City of Albany. The East Campus is in the Town of East Greenbush. The University does not recognize or permit any off-campus student groups, such as fraternal groups or sporting groups, to have official off-campus property with the exception of the Student Association’s Dippikill camp area located in Warrensburg, New York.
UPD regularly communicates with the Albany City Police, the Town of Guilderland Police, the Town of East Greenbush Police, Warren County Sheriff’s Office and the New York State Police to track any crimes or incidents involving University students.

**Reporting Crimes and other Emergencies**

The University encourages all campus community members, students, faculty, staff and guests, to report all crimes and public safety incidents to UPD (University Police Department) in a timely manner.

**To report a crime on the University Campus:**

On campus telephones  
dial  911
Emergency & Blue Light Telephones  
pick up receiver/dialed automatically
Other telephones, including cell phones  
dial  518-442-3131

*Crimes also can be reported personally to the UPD office, 24 hours a day.*  The University Police Building is located at the east side of campus, just off University Drive East at the east end of Indian Parking Lot.

**To report a less serious incident:**

Conflict Resolution and Civic Responsibility  
518-442-5501
Residential Life (for incidences occurring in campus residence)  
518-442-5875
UPD  
518-442-3131

**To report crimes off campus:**  
dial 911 for local agencies

The University encourages all campus community members, students, faculty, staff and guests, to report all crimes and public safety incidents to UPD in a timely manner.

**Procedure after a call comes into UPD:**

After a call comes in, police or other University personnel, fire and/or ambulance service will be dispatched as appropriate to the location of the call. Criminal offenses are pursued by UPD. UPD communicates routinely with other law enforcement agencies in the area.
The UPD works in close coordination with other area police agencies including the New York State Police, the Albany City Police, the Guilderland Police and the East Greenbush Police in the reporting and investigation of crimes occurring on and off campus.

**Reporting Missing Persons**

Any incident involving a person who is believed to be missing should be reported to the University Police Department (UPD). Any University official who becomes aware of a student believed to be missing for 24 hours or more must notify UPD.

UPD will take the report regardless of how long the person may have been missing. There is no requirement that the person be “missing” for 24 hours before UPD will take a report and begin an investigation. It is the policy of the University Police Department to take immediate reports on all persons thought to be “missing” and to immediately begin efforts to locate the person.

University students may designate a confidential contact person to be notified in the event the student has been missing for 24 hours or more. Designation of this confidential contact person is in addition to the designation of an “emergency contact”, although they may be the same person if the student so chooses. Confidential contacts, as well as general emergency contacts, may be designated through the students’ My UAlbany portal.

In the event that a student is believed to have been missing for 24 hours or more notification will be made to the confidential contact if one has been designated. In addition if the student is under the age of 18 and not emancipated, their custodial parent or guardian will be notified.

Note that while the above notifications are required under federal law nothing precludes contacting these or any other persons during the investigation if doing so may further the investigation, whether 24 hours has past or not. Appropriate to the particulars of the report other resources may be contacted to assist with an investigation including other law enforcement agencies.
Voluntary Confidential Reporting Procedures

The University encourages all members of its community to report crimes to UPD or other Campus Security Authorities, whether he or she is a victim or a witness.

If you are a victim or a witness to a crime and you do not want to pursue action within the University’s discipline system or the criminal justice system, you may still want to consider making a confidential report. UPD maintains an electronic confidential reporting system on its website http://police.albany.edu/crime_report.shtml. It will not retain email addresses, IP addresses or other identifying information.

The purpose of a confidential report is to comply with your wishes to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With this information, the University can keep an accurate record of the number of incidents involving students, faculty and staff, determine where there is a pattern of crime relative to location, method, and assailant and alert the campus community to potential harm. Confidential reports are counted and disclosed in the annual crime statistics for the campus. Please understand while the crime is counted for statistical purposes, confidential reporting of a crime may impede a speedy investigation and/or a thorough investigation, or it may prohibit an investigation in its entirety.

Emergency Management

The University maintains and tests an All-Hazards Emergency Management Plan (EMP). The EMP is also on file at SUNY System Administration.

The EMP utilizes the communications methods noted in the “Timely Warnings and Emergency Notifications to the Campus Community” section below. The SUNY NY Alert Emergency Notification system is a primary communications method. The system is tested at least annually with community-wide tests having occurred on February 17 and September 21, 2012. Prior to each annual test notification is sent to the community via email announcing when the test will occur, delineating the parameters of the test, advising the community how to participate in the SUNY NY Alert program and advising the community how and where to comment on the testing process.

In addition to the test of the notification system a scenario based exercise of the EMP is held at least annually. A tabletop exercise simulating a response to a residence hall fire event was held November 7, 2012.
Timely Warnings and Emergency Notifications to the Campus Community

What warrants a "timely warning" or “emergency notification”? 

Timely Warnings shall be issued whenever a Clery Crime that is considered to represent a serious or continuing threat to students and employees is reported to UPD or a local police agency and has occurred within the University’s Clery Geography. Whenever a timely warning is sent it shall be sent to the entire community.

Emergency Notifications shall be issued when a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurs on the campus. As appropriate, emergency notifications may be targeted at only a segment or segments of the campus community that is at risk. Emergency notifications will be issued without delay unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Vice President for Student Success, or in their absence a designee of the Vice President, in conjunction with the Chief of University Police and/or other campus and non-campus officials as appropriate, shall confirm the existence of a situation that may warrant a warning or notification and determine if a timely warning or emergency notification is warranted and the extent of the notification as appropriate. In addition to criminal incidents emergency notifications may be issued in situations such as, but not limited to:

1. Safety Related Issues:
   • An incident that occurs ON any of our campuses that affects the personal safety and security of our population.
   • An incident that occurs in close proximity of the University's three campuses that may potentially affect the personal safety and security of our student, faculty and staff population.

2. Health Related Issues:
   • A member of our population is diagnosed with a serious or life threatening communicable/infectious disease.
   • Evidence of bio terrorism.

The only reason an immediate notification for a confirmed emergency or dangerous situation would not be issued is if doing so will compromise efforts to: assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency.
Ways to communicate these issues:

For Safety Related Issues:

The following methods can be used to get the word out. Methods of communication will be chosen based on the nature of the incident. A decision will be made on notification methods by the VP for Student Success or their designee.

- E-mail to all students and/or faculty/staff
- Postings in campus center, residence halls, downtown and east campus as applicable to the incident. Postings can be emailed as attachments to various offices as indicated below
- Delivery of hard copy notification to all residential suites
- Albany Student Press (ASP) ad, based on timing of the incident
- Posting of notification on University Police Department web site
- SUNY NY Alert in the case of a critical campus wide emergency
- Email to parents
- Post to MyUAlbany portal

For Health Related Issues:

The following methods can be used to get the word out. Methods of communication will be chosen based on the nature of the incident. A decision will be made on notification methods by the VP for Student Success.

- Letters to students and/or parents (communication to parents is extremely minimal, most likely done in cases of measles, mumps, or rubella. Viral Meningitis would be communicated to the parents whose students are directly affected.)
- Letters to faculty and staff, if appropriate
- Posting of notification on the University web-site at http://www.albany.edu
- ASP ad, based on timing of the incident

Procedure to follow:

For information that is believed to be of interest or concern to the entire University population, the Vice President for Student Success will typically notify the President’s Office in advance of sending a campus wide notification.
SUNY New York Alert

WHAT IS IT?

The University at Albany is one of many State University campuses that have adopted an emergency messaging service offered through the State Emergency Management Office (SEMO) and the State University of New York (SUNY).

The system will allow the University at Albany to communicate on matters of CRITICAL EMERGENCIES with all members of the University community who sign up for this service.

The system allows e-mail, phone and text messages to be sent automatically to all members of the campus community who have provided their contact information.

HOW TO SIGN UP

The University strongly recommends that all students, faculty and staff sign up for SUNY NY Alert emergency messages. You can sign up for this service by logging on to MyUAlbany and choosing “SUNY NY Alert Emergency contact Info”. Registered students and current Faculty and Staff are eligible to sign up this way.

If you choose to receive the alerts, you must provide at least one e-mail address. You may also provide a cell phone number and provider to receive text message alerts and a phone number, either cell or land line, to receive voice alerts. You may list up to three phone numbers for each of these options, but you should be aware that the alert system will attempt to contact every number that you list until one of the phones is answered. We advise that you list your most-used number for text messaging and/or your most-used number for voice messages.
Campus Security Authorities

The University has designated certain administrators and staff as “campus security authorities” in recognition that many students, faculty and staff may be hesitant about reporting crimes to UPD, and may be more inclined to report incidents to non-law enforcement administrators and staff instead.

Campus Security Authorities are charged with reporting to the appropriate law enforcement personnel, either UPD or local police, or to any official or office which should be informed of the crime or complaint due to the nature of the crime or complaint, those allegations of Clery Act crimes that the campus security authority concludes are made in good faith. A campus security authority is not responsible for determining whether a crime took place as that is the function of law enforcement and its investigatory process.

A Campus Security Authority is required to report all allegations to law enforcement personnel, even if the Campus Security Authority was told of a crime in the context of providing emotional support or health care support. The allegations will be reported whether or not the victim chooses to file a report with law enforcement or press charges. A Campus Security Authority may also provide a victim or witness with assistance in reporting a crime to UPD or local police, or to any official or office which should be informed of the crime or complaint.

Pastoral counselors and mental health counselors at the University are not Campus Security Authorities, and are therefore exempt from disclosing or reporting allegations of crimes and incidents. However, to be exempt from the Clery Act reporting requirements, the counselor must be acting in their professional role of pastoral or mental health counselors at the University. For example, a Dean who has PhD in psychology is not acting in the counseling role, but rather as a Dean; and a PhD student in psychology working in the counseling center as part of his/her education and training is acting in the counseling role. Pastoral counselors and mental health counselors are trained in the procedures for reporting crimes and the procedures for reporting crimes confidentially. The University encourages them to inform their clients of the procedures in accordance with their professional judgment, given the individual victim and circumstances before them.

In addition, the Student Health Services employees, including the medical director, physicians and nurses, and Five Quad volunteers, are not Campus Security Authorities.
The University designates the following as Campus Security Authorities:

- Vice Provost for Undergraduate Education
- Professional staff in Student Success except Student Health Center and Counseling Center staff
- Senior staff in the Office of Human Resource Management
- Academic Advisors in Advisement Services Center Undergraduate Studies (ASC/US) and Educational Opportunity Program (EOP)
- Professional staff in Athletics, including coaches
- Faculty Advisor’s to student groups
Security of Campus Buildings

Residence Halls
During the past several years, the University at Albany has enacted many programs to enhance the security of residents. These initiatives include:

- Security viewing holes on residence hall room doors.
- Residence hall access doors locked 24-hours a day.
- Card readers on suite doors of newly renovated buildings.
- Key access to all interior bedrooms.
- If keys are lost, lock changes are done and all suite members are issued new keys.
- Phones in all traditional residence hall foyers for campus calls.
- “Red phones” are located in all bedrooms on Freedom, Indian Alumni and Empire and in the suites of State, Colonial and Dutch. These phones can dial on campus and 911.
- Blue light phones are in all public female bathrooms.
- Security patrols on all quads during evening hours.
- SUNYCard ID Access, a computerized ID card system that limits building access to residents of specific areas.
- A Residence Director and Residence Assistants are on duty at all times that students are in residence. There is always a back-up manager on duty as well.
- Ten security cameras strategically placed at entrances to Alumni Quad.
- Throughout the year, Residential Life staff conducts programs relating to personal safety. Many are conducted in conjunction with the University Police. The Advisory Committee on Campus Security meets regularly to recommend safety improvements to University Administration. The Office of Personal Safety & Off-Campus Affairs, located in UPD, has information regarding personal safety for all members of the University community.
Other Campus Buildings, Academic and Non-Academic

Most campus facilities, with the exception of residence halls, are open to the public during the day and evening hours when classes are in session. Residence Halls are locked twenty-four hours a day, seven days a week, with card access for residents and other authorized individuals. The general public is encouraged to attend cultural, athletic and other activities on campus with access limited to the facilities in which the events take place.

At night and during periods of time when classes are not in session, University buildings are generally locked. Faculty, staff and limited numbers of students with proper identification and appropriately issued keys and access cards are allowed access to the buildings. Campus employees with assigned offices are issued keys. They are responsible for reporting missing and stolen keys.
Campus Security Programs and Procedures

Safety and security on campus is built on a strong foundation that includes:

1. Community Policing. UPD strives to develop and maintain a positive relationship with all members of the UAlbany family with a supportive community oriented approach to law enforcement.

2. Individual Responsibility. Every member of the university community is responsible for his/her own safety by taking simple, common sense precautions and reporting incidents to the police and other campus authorities.

3. Student Volunteerism. One of our most important safety programs, the Don’t Walk Alone Safety Escort Service, is run by students who voluntarily give of their time and energy as a positive contribution to safety efforts on campus.

Safety Programs & Initiatives

The University at Albany encourages you to take full advantage of safety programs and initiatives designed to protect your person and your property. They include:

The Whistle Watch Safety Program
Supplies free whistles to students, faculty and staff as a means to alert community residents in the event of a problem.

The Light Sense Program
Provides free miniature flashlights to individuals to illuminate poorly lit areas on or off campus.

A.D.A.P. – the Albany Disabled Alert Program
Makes available free personal attack alarms to those members of the University community who are not able to use a Whistle Watch whistle.

Operation Identification
Available through the University Police Department, this program is a nation wide system that tracks your property in the event it is lost or stolen. A personal number and UPD’s agency identifying number are engraved on your property.

RAD – Rape Aggression Defense
Designed to develop and enhance the options of self-defense for women who participate in this course. RAD is a twelve-hour course taught by certified instructors and offered in three-hour segments. The course is offered free of charge to members of the University community by the University Police Department. Classes range in size from 18-20 attendants.

**Don’t Walk Alone**
A volunteer safety escort service provides evening escorts on the Main campus. They can be found in the library lobby.

**Park, Walk & Talk**
A University Police patrol designed to establish a closer relationship to and enhance communications with the University community by having officers park their cars, and interact with students & staff on campus and in the residence halls.

**The University at Albany Mountain Bike Patrol**
University Police bike patrol provides more effective access to residential and academic areas of the campus and gives the community greater access to the officers.

**The Sexual Assault Prevention Program**
The Sexual Assault Prevention Program is committed to meeting the diverse needs of the campus community through programs and services that educate, support, motivate and empower students with regards to sexual assault and relationship violence. Programs incorporate topics that raise awareness about sexual assault and relationship violence; define and discuss consent, coercion and sexual assault; the interplay with substance use; resources for recovery; and bystander intervention to help prevent and eradicate these violent behaviors. Men For Relationship Education and Change (Men REACH) is an all-male group of professional staff who are trained by the Coordinator for Sexual Assault Prevention and provide targeted programs for male students. In the aftermath of a sexual assault or relationship violence, the Coordinator for Sexual Assault Prevention is available to assist the diverse needs of any survivor and to also assist those seeking to provide support to survivors. For a more detailed summary of programs, please see “Campus-Wide Initiatives for Sexual Assault Prevention/Education and Victim’s Assistance” in the Appendix.

**Emergency & Blue Light Phones**
There are more than 330 emergency & blue light phones on the three campuses of the University. These telephones connect directly to the University Police Department when picked up, making the reporting of emergency situations, or suspicious persons
instantaneous. These phones are clearly visible, denoted by their blue lights and striped poles.
The 911 Emergency System

The 911 phone system was established to assist members of the University community in contacting the University Police Department in case of situations such as: fires, crimes in progress, or medical emergencies.

The Security Services Assistants (SSA)

This program involves uniformed civilian security officers assigned to key areas of the campus to serve as observers and reporters of potential safety problems. They are utilized to patrol the campus and assist University Police Officers at special University events.

Residence Hall Safety Enhancements

All suite doors are equipped with viewing holes; exterior doors are locked 24 hours a day; card access to exterior doors allows for additional security; phones are located in vestibule areas providing free on campus calls; security patrols on quads; personal, property and fire safety programs coordinated by residential life staff. Residence halls are locked twenty-four hours a day, seven days a week.

Advisory Committee on Campus Safety

A group of policy level personnel, including faculty, professional staff and students that examines and makes recommendations relative to safety conditions on the University campus.

Lighting

UPD, the Department of Physical Plant, and the Advisory Committee on Campus Safety annually survey lighting on campus to ensure that areas are adequately lighted. Numerous additions have been made to lighting in the last ten years.

Anti-intrusion Alarms

Many academic and support areas of special sensitivity are protected by alarm systems which ring in directly to a central station or UPD. Officers are dispatched to intruded areas to evaluate the situation.

Alcohol and Other Drug Education, Prevention Services and Programs

The University offers a wide range of alcohol and drug education prevention services and programs, including a highly visible social norms campaign targeting substance use and widespread delivery of an empirically supported screening and brief intervention program for at risk populations (e.g., first year students, student athletes, etc.). Additional services
include National Collegiate Alcohol Awareness Week, facility use for Alcoholics Anonymous meetings and peer education programs. Current information regarding alcohol and drug prevention services and educational programs can be found by linking to: http://www.albany.edu/counseling_center/outreach.shtml. Information on upcoming events can be found at the following website: http://www.albany.edu/counseling_center/events.shtml.

UPD has a team of detectives assigned to do follow-up investigations of reported crimes. The team is specially trained to offer programs on recognizing and protecting oneself from on-line harassment.

University Counseling Center
Confidential counseling, support, and services are offered for crime victims. Please see page 58 for additional information. http://www.albany.edu/counseling_center/

University Health Center
Confidential health services, including medical examination and treatment, are offered for crime victims. Please see page 58 for additional information. http://www.albany.edu/health_center/

Office of Conflict Resolution & Civic Responsibility (Formerly Judicial Affairs)
Hears and adjudicates referrals from students victimized by other students. Sanctions range from warning and probation to expulsion.

Crime Prevention Pamphlets
UPD and Division of Student Success publish numerous pamphlets which are distributed to students and staff to assist them in preventing victimization for specific types of crimes.
Campus Drug Policy

The University at Albany is committed to promoting a drug-free campus environment.

Consistent with the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226), all students and employees are advised that individuals who violate Federal, State or Local laws and campus policies are subject to University disciplinary action and criminal prosecution. UPD has the full authority to enforce all federal and state drug laws.

The possession, use or distribution of a controlled substance or dangerous drugs, or any drug unlawful to possess, e.g. marijuana, except as expressly permitted by law, is a violation of law and of campus policy. Penalties may include attendance and completion of appropriate rehabilitation programs in addition to federal, state and local sanctions.

Students should be aware there are significant psychological and physiological health risks associated with the use of illicit drugs and alcohol. Physical addiction, loss of control and withdrawal syndrome as well as serious damage to vital organs of the body can result from drug and alcohol abuse.

The following resources are available for assisting those with possible problems of chemical abuse:

- University Counseling Center
- Middle Earth Peer Assistance Program

Alcohol Policy and Enforcement Guidelines for University at Albany Officials

General Policy for Use of Alcohol on Campus

1. The University adheres to and enforces all federal, state and local laws concerning alcohol. Alcohol may only be sold and served at pre-approved social functions where the Alcohol Use Registration Form has been approved by the Alcohol Administrator for that building.

2. Any event at which alcohol is sold or served requires a license from NYS Liquor Authority. The sale and serving of alcoholic beverages under the terms of State law and University policy is permitted at the licensed premises of Sodhexo in the Campus Center and by extension of that permit, temporary permits may be issued for Sodhexo catered events only. Any alcoholic beverages sold or served outside the Campus Center require a special liquor permit from the NYS Liquor Authority. This includes events or performances where tickets are sold and alcohol is provided free of charge or in exchange for a purchased ticket. This permit must be secured through Sodhexo for their catered events only and arranged at least two weeks in advance in order to allow time for the State permit to be issued to Sodhexo. All outside caterers must provide UAS with their own approved NYS Liquor Authority permit.

3. Sponsor(s) of social events where alcohol is served assume full responsibility for the enforcement of all laws and university policies regarding the consumption of alcohol. This includes:
   - serving non-alcoholic beverages and food at events;
   - double proof of age required and must be present to the designated “responsible person” as stated on the Alcohol use registration. Acceptable form of proof include a valid driver's license, a birth certificate or official state or Federal ID, a passport, or a laminated ID card from another University/College.

4. No student under the age of twenty-one may possess or consume alcoholic beverages anywhere on campus.

5. Alcoholic beverages are not permitted in any freshman designated housing. These areas are designated as alcohol free. See UAlbany housing for more information.

6. For students twenty-one years or older and their guests in non-freshman areas no individual may possess more than 12, 12 oz bottles/cans of beer (or the equivalent), or one liter of hard liquor or wine at one time.
7. The following are prohibited under the University alcohol policy: binge drinking; driving under the influence; kegs and beer balls, whether empty or full, tapped or untapped; spiked punch; Jell-O shots containing alcohol; drinking games or any behavior that encourages or contributes to excess alcohol consumption; carrying open containers in any public area of campus; possessing, consuming and storage of alcohol are prohibited in all public areas, e.g. lounges, hallways, stairwells, common bathrooms, or outdoor areas.

8. The Incident Sanction Protocol found in the University alcohol policy identifies a series of prohibited alcohol and other drug behaviors and the sanctions for first offense and any subsequent offense.

9. Parents of students under the age of twenty-one are notified in writing of any alcohol/drug violations by their sons or daughters.
Summary of policies governing the use of alcohol on all University at Albany Properties

1. No alcohol may be consumed in academic buildings, on University grounds, on the academic podium, in the Physical Education complex, on the Downtown Campus and the East Campus complex, except at “alcohol approved” social functions. An alcohol approved social function is one where the Alcohol Use Registration Form is filled out and approved by the Alcohol Administrator for that building. Events at which alcoholic beverages are served and which are not under the jurisdiction of a specific local alcohol policy administrator require an "Alcohol Use Registration Form" to be filed with the Vice President for Student Success, University Hall 206.

2. Under New York law, only persons twenty-one (21) years of age or older are legally entitled to purchase, be sold, given, or served alcohol. A person under 21 years of age may not possess or consume alcoholic beverages at any time on the University campus.

3. Under New York law, persons under the age of 21 are prohibited from possessing any alcoholic beverages with intent to consume the beverage. Violators are subject to a fine up to $50.00 per offense. Authorized law enforcement personnel may seize alcoholic beverages involved in alleged violations of this law.

4. New York law further provides that any person, other than a parent or guardian, who purchases alcohol for, procures for, or gives alcohol to anyone under 21 years of age is guilty of a misdemeanor.

5. Under New York law, anyone under 21 years of age who uses fraudulent proof of age to obtain alcohol is guilty of a misdemeanor. This violation is punishable by a fine of up to $100.00 and a community service requirement of up to thirty (30) hours.

6. Under New York law, anyone who is apparently intoxicated or who is behaving in an intoxicated manner may not be served alcohol.

7. A substantial part of the University at Albany is in the City of Albany and is subject to its open container law. Thus no open container of an alcoholic beverage is permitted on the campus, except at approved social functions as described in #1 above.

8. Any event at which alcoholic beverages are sold requires a license from the New York State Liquor Authority. The sale of alcoholic beverages under the terms of State law and University policy is permitted at the licensed premises of the Sodhexo in the Campus Center. Any alcoholic beverages sold outside the Campus Center require a special liquor permit from the State of New York. This includes events or performances where tickets are sold and alcohol is provided free of
charge or in exchange for a purchased ticket. This permit must be secured at least two weeks in advance in order to allow time for the State permit to be issued.

9. Under New York law, a person under the age of 21 who presents an altered New York State driver's license for the purpose of illegally purchasing an alcoholic beverage may be subject to a suspension of that driver's license for up to ninety (90) days and may also be required to apply to the Department of Motor Vehicles for a restricted use of driver's license following the suspension.

10. Sponsor(s) of social events at which alcohol is served assume full responsibility for the enforcement of all federal, state and local laws and University policies with respect to the consumption of alcohol. This responsibility includes:

   o Serving appropriate amounts of non-alcoholic beverages and food at events where alcohol is served.

   o Double proof of age is required and must be presented to the appropriate “responsible person” as designated on the Alcohol Use Registration Form at all functions where alcoholic beverages are served and students are present. The following are acceptable forms of proof:

   • a valid driver's license
   • a birth certificate
   • an official state or federal ID
   • a passport
   • a laminated ID card from another University/College

11. Camp Dippikill consists of 850 acres in Warrensburg, NY owned and operated by the Student Association. Alcohol use at Camp Dippikill is subject to all federal, state and local laws and University policies with respect to the consumption of alcohol. Administration of this policy is the responsibility of the Director of this property. No alcohol may be sold by any organization on this property.

12. Driving under the influence of alcohol on University property is prohibited and violators will be subject to arrest.

13. The Vice President for Student Success is responsible for implementing and interpreting the alcohol use policy. Inquiries should be directed to:

Alcohol Policy Enforcement

Example of how to implement procedures

1. ISSUE: Within University policies and regulations, the University at Albany permits students of legal drinking age to possess and consume alcoholic beverages. However, individuals under 21 years of age may do neither.

2. EXPECTATION: University faculty, administrators and paraprofessional staff (herein referred to as University officials) are expected to clearly explain to students what action will be taken in dealing with alcohol policy violations.

When encountering instances of alcohol policy violations, University officials are expected to confront the violators. Information should be provided as to what behavior is inappropriate and what the individual is expected to do to be in compliance with the campus alcohol policy. If the individual is cooperative and complies with the request, the incident may be considered resolved. If the individual is uncooperative or refuses to comply, the local alcohol policy administrator responsible for the building or area should be contacted. If the policy administrator is unavailable or the individual continues to be uncooperative, the University Police should be summoned. The University Police will formally identify the violator and state the campus expectation for compliance with the University alcohol policy. In such cases a standard case form will be completed by the University Police Officer and the individual referred to the campus Judicial System. The University Police reserve the right to arrest, or issue a summons to appear in court on appropriate charges if such action is deemed necessary.

3. VIOLATIONS: In order to provide a common base of understanding, it is important to define the prohibitive behaviors which the campus considers violations of the alcohol policy. Consistent with New York law and the campus alcohol policy, the following instances would be in violation:

   o Individuals under 21 years of age possessing or consuming alcoholic beverages.
   
   o Individuals 21 years or older providing, directly or indirectly, alcohol to persons under 21 years of age.
   
   o Anyone having alcohol in public areas without an open container permit and proper campus authorization.
   
   o Possession and/or use of bulk containers except as allowed by provisions in the campus alcohol policy.
4. **STAFF DIRECTIVES TO VIOLATORS:** Violators are to be instructed to dispose of the alcohol by means other than consuming it. Students may either pour the alcohol out on their own or give it to a staff member to pour out. When students pour alcohol out themselves, a University official should accompany the student to ensure proper disposal. Students are not to dispose of alcohol by consuming it, throwing it in a trash can or giving it to another person who may be 21 years of age. The University officials should ask the students if they intend to comply with the request. If the students are cooperative, they can proceed to dispose of the alcohol. Internal departmental procedures for communicating and documenting such incidents should take place. It is expected that students who violate the University alcohol policy will have the incident referred to the campus judicial system for appropriate sanctioning. If the students are uncooperative or refuse the official's request, the local alcohol policy administrator or Public Safety should be summoned for assistance. Again, it is expected such incidents will result in the preparation of a Standard Case Form and referral of the incident to the campus judicial system for alleged violation of the alcohol policy as well as non compliance with the University Official.

5. **NOTE:** If University officials encounter an unauthorized bulk container (e.g. beer ball, box of wine, keg, or "bash") it should be removed to an area where it can be drained. Once it is drained the container and tapping equipment, as appropriate, should be returned to the students. If the students refuse to drain the bulk container, the University Police should be summoned.
**Campus Policy for Governing the Use of Alcohol in Residence Halls**

All University at Albany students who live in residence, and their visitors/guests, are subject to New York State Law and the University at Albany’s policy regarding possession and consumption of alcohol, as well as specific policies governing the Residence Halls.

1. **Definition of Residence Hall/University Apartment Areas**

   Residence Halls are defined as the quadrangles and the University Apartment complexes, including outdoor areas. The boundaries of Indian, State, Colonial and Dutch Quadrangles are defined by the first paved roadway or sidewalk adjacent to the quadrangle. Indian and Dutch Quadrangles include the playing fields adjacent to the west and east respectively with regard to the application of this policy. The boundaries of Alumni Quad are defined by the exterior city sidewalks surrounding the quad. The boundaries of Freedom Quad are defined by the entrance road to the complex from Tricentennial Drive. The boundaries of Empire Commons are defined by the University roadways surrounding the complex.

2. **Alcohol Policy in Freshmen Designated Residence Halls**

   Alcoholic beverages are never permitted in freshman residence halls. This includes all residential buildings on Indian Quad and the designated freshman buildings on State Quad. Designated freshmen buildings on State Quad are identified on a yearly basis on the Residential Life web site at [http://www.albany.edu/housing/](http://www.albany.edu/housing/). Visitors or guests of students residing in these areas are not permitted to possess or consume alcohol in these areas regardless of whether they are of legal drinking age. These areas are designated as alcohol free.

3. **Alcohol Policy for Students Under 21 Years of Age Living in Non-Freshmen Areas**

   A person under 21 years of age may not possess or consume alcoholic beverages at any time on the University at Albany campus.

   No possession or consumption of alcohol is permitted by any student or guest in private residence rooms where all the assigned residents are under 21 years of age.

   Visitors or guests of students under 21 years of age are not permitted to possess or consume alcohol in the suite or bedroom of an underage student regardless of whether they are of legal drinking age.

   Alcohol containers, including empty liquor bottles, wine bottles and/or beer cans are prohibited.
4. Alcohol Policy for Students Over 21 Years of Age Living in Non-Freshmen Areas

The following regulations regarding alcohol use apply to students and visitors/guests in the non-freshmen areas who are 21 years of age or older:

No individual student may possess more than 12, 12 oz bottles/cans of beer (or the equivalent), or one liter of hard liquor or wine at one time.

Binge drinking is defined as consuming five or more drinks on one occasion for men or four or more drinks on one occasion for women. ([http://www.researchmatters.harvard.edu/story.php?article_id=420](http://www.researchmatters.harvard.edu/story.php?article_id=420)) Binge drinking is strictly prohibited.

Individuals of legal drinking age may not provide alcohol to underage roommates, suitemates, visitors or guests.

Drinking games (e.g. beer pong) and other activities that promote the irresponsible use of alcohol are prohibited. This includes the use of alcohol paraphernalia such as funnels and ice luges.

Kegs and beer balls, whether empty or full, tapped or untapped, are prohibited. Spiked punch and Jell-O shots containing alcohol, regardless of alcohol content are also prohibited.

Behavior that encourages or contributes to excessive alcohol consumption by another student is prohibited.

Carrying open containers of alcoholic beverages or consuming them in any public area of the campus is prohibited. This includes movement between residence hall rooms or apartments with an alcoholic beverage.

Compliance with all requests by University officials, including Residential Life staff or University Police, for proof of 21-year-old status is required. If there is reasonable suspicion to believe that alcohol might be in squeeze bottles, cups or other such containers, University staff reserve the right to approach students and hold individuals accountable under the provisions of this policy.

Possession, consumption, and storage of alcohol are prohibited in all public areas, e.g. lounges, hallways, stairwells, common bathrooms, or outdoor areas.

Driving on University property while under the influence of alcohol is strictly prohibited and will result in arrest, loss of driving privileges on campus, and possible suspension or expulsion from the University. Please see the following web site for further NYS Department of Motor Vehicles information, including FAQ’s regarding Alcohol, Drugs, and DWI: [http://www.nysgtsc.state.ny.us/alco-faq.htm](http://www.nysgtsc.state.ny.us/alco-faq.htm)
5. Alcohol and Other Drug Education, Prevention Services and Programs

The University offers a wide range of alcohol and drug education prevention services and programs. Current information regarding alcohol and drug prevention services and educational programs can be found by linking to:

http://www.albany.edu/counseling_center/outreach.shtml

6. The Incident-Sanction Protocol for Alcohol & Other Drug Violations

The Sanction Guide is designed to cover a range of sanctions that would be considered appropriate for a particular violation or behavior – including inappropriate alcohol and other drug use. The University’s response is not restricted to those sanctions listed in the protocol. Students are advised that illegal possession and/or use of alcohol and other drugs are strictly prohibited at the University.

See the following link for the Sanction Guide:
Employee Drug and Alcohol Policy

It is a University policy that the unlawful use, possession, manufacture, dispensation or distribution of alcohol and controlled substances* in all campus work locations is prohibited. No employee will report for work or will work impaired by any substance, drug or alcohol, lawful or unlawful. "Impaired" means under the influence of a substance such that the employee's motor senses (i.e. sight, hearing, balance, reaction, or reflex) or judgment either are or may be reasonably presumed to be affected.

Medical testing may be done if the University has a reasonable suspicion that an employee is unable to perform job duties due to the misuse of alcohol, controlled substances, or prescription drugs.

Employees who unlawfully manufacture, distribute, dispense, possess, or use a controlled substance will be subject to disciplinary procedures consistent with applicable laws, rules, regulations and collective bargaining agreements. Sanctions may include termination of employment and referral for prosecution. Other corrective action may include satisfactory participation in an approved drug rehabilitation program.

Employees must notify the Office of Human Resources Management of any criminal drug statute conviction for a violation occurring in the workplace, or at the work site, no later than five (5) working days after such conviction. The University will notify appropriate federal agencies of such a conviction within 10 days of receiving notice of a conviction.

An Employee Assistance Program (EAP) is available on campus for employees who wish to seek assistance in dealing with drug and alcohol related problems. EAP is a confidential information, support, and referral service. Please call 442-5483 to reach the EAP coordinator.

This policy is in compliance with the Drug Free Workplace Act of 1988 and the Drug Free Schools and Communities Act Amendments of 1989. Adherence to this policy is a condition of employment at the University at Albany. Questions concerning this policy should be referred to the Office of Human Resources Management at 437-4700.

*The term "controlled substance" means a controlled substance in Schedule I through V of Section 202 of the Controlled Substance Act (21 USC812).
Hate or Bias Crimes

The University at Albany strives to protect all members of the University at Albany community by prosecuting bias or hate crimes that occur within the campus jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator’s bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as national origin, color, race, age, religion or creed, ethnicity, gender, sexual orientation, veteran status, marital status, or disability. Hate/bias crimes are against the law and University at Albany policy. Copies of the New York Law are available at [http://assembly.state.ny.us/leg/?cl=82&a=81](http://assembly.state.ny.us/leg/?cl=82&a=81).

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions, including dismissal, are possible.

Hate or Bias-Related Incidents

The University at Albany strives to protect all members of the University at Albany community by prosecuting bias or hate crimes that occur within the campus jurisdiction.

In addition to preventing and prosecuting hate/bias crimes, University Police at Albany also assist in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by the University as acts of bigotry, harassment, or intimidation directed at a member or group within the University at Albany community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed, or marital status, may be addressed through the University at Albany’s campus code of conduct and University policy.

Procedures to Initiate a Formal Complaint

If you are a victim of or witness to a hate/bias crime or incident on campus, report it to any or all of the following:

- University Police at (518) 442-3131
- Office of Human Resources Management at (518) 437-4702
- Office of Conflict Resolution & Civic Responsibility at (518) 442-5501

Sexual Assault Prevention
The University at Albany has programs in place to inform members of the University community about sexual assault. The Sexual Assault Prevention Program was established as part of the University at Albany’s commitment towards ending sexual assault and relationship violence. The Sexual Assault Prevention Program provides diverse services that educate, support, motivate and empower students, faculty and staff with regards to sexual assault and relationship violence. Programs incorporate topics that raise awareness about sexual assault and relationship violence; define and discuss consent, coercion and sexual assault; the interplay with substance use; resources for recovery; and bystander intervention to help prevent and eradicate these violent behaviors. Men REACH (Men for Relationship Education and Change), an all male group of professional staff, provides targeted outreach programs for men on campus. The Coordinator for Sexual Assault Prevention provides training opportunities and leadership to this group. Included among the sexual assault prevention initiatives are mandatory prevention programs for incoming students during Orientation and prevention programs for all students throughout the academic year. Training programs on the sexual assault response protocol are offered throughout the year for faculty and staff. Additionally, the University Police Department offers RAD (Rape Aggression Defense) programs for both women and men on campus.

- [http://www.albany.edu/counseling_center/sexualviolence/index.shtml](http://www.albany.edu/counseling_center/sexualviolence/index.shtml)

In the aftermath of a sexual assault or relationship violence incident, the Sexual Assault Prevention Program and other campus resources are available to assist. Please see the “What You Can Do If You or a Friend Is Raped or Sexually Assaulted” pamphlet that is included in this section.
**Disciplinary Action**

Where there is reason to believe the University’s regulations prohibiting sexual misconduct have been violated, the University will pursue strong disciplinary action through its own channels regardless of whether a criminal case is pursued. This discipline includes the possibility of suspension or dismissal from the University.

An individual charged with a crime related to sexual assault may be subject to University disciplinary procedures, whether or not an individual is prosecuted under the New York State Penal Code. During the disciplinary process, the rights of the accused are as described in Community Rights & Responsibilities, New York State laws, rules and regulations, and in any applicable collective bargaining agreements.

The University will make every effort to be responsive and sensitive to victims of these serious crimes. Protection of the victim and prevention of continued trauma is the University’s priority. If the victim and the accused live in the same residence hall, an immediate hearing with the Director of the Office of Conflict Resolution & Civic Responsibility will be held to determine the need for modifying the living arrangements.

Assistance for any other personal or academic concerns will be reviewed and options provided in accord with the University’s Coordinated Response to the Sexual Assault of Students.

Sexual Offender Registry

The Sex Offender Registration Act requires the Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The Registry contains information on sex offenders classified according to their risk of re-offending: low-risk (Level 1), moderate-risk (Level 2) and high-risk (Level 3). The Act requires that the Division also maintain a Subdirectory of Level 3 Sex Offenders. The DCJS Sex Offender Registry site may be found on the web (See the link to the right) and contains their Subdirectory of Level 3 Sex Offenders as well as other information regarding New York State's Sex Offender Registry.

Sex offenders registered in New York are now required to notify the Registry of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed, and whether such sex offender resides or expects to reside in a facility operated by the institution. Changes in status at the institution of higher education must also be reported to the Registry no later than ten days after such change.

The University at Albany maintains on the UPD website a listing of any registered sexual offenders reported to the University as being enrolled, attending or employed at the University. This information may be found at: http://police.albany.edu/SOR.shtml.

The Division of Criminal Justice Services’ Sex Offender Registry may be found at www.criminaljustice.state.ny.us/nsor/.

Annual Fire Safety Report

FORWORD
Welcome to the University at Albany!

The Office of Environmental Health and Safety is pleased to serve a diverse and vibrant academic community in upstate New York. For many of our residential students, the University at Albany is their first living experience away from home. The challenge to our University is to provide a safe environment within which faculty, staff, students, and visitors can learn, live and work. The integral parts of our Life Safety Philosophy include fire safety Education, Engineering controls, and Enforcement of campus policies, state laws and state fire codes. It is with this combination of Education, Engineering and Enforcement, that we are able to reduce the risk of a fire event on our campus. This report will describe our fire prevention and life safety programming at the University at Albany, and will demonstrate how the three E’s work together to make sure that all members of our community can return safely home without fire related injury or loss of property.

Perhaps the most important of the three E’s is Education. It is through life safety and fire prevention training, emergency evacuation drills, live fire training with portable fire extinguishers, tabling, and our annual Fire Prevention Day that the message of awareness and emergency response is disseminated throughout our community. We are excited to partner with the New York State Office of Fire Prevention and Control, the Albany Fire Department, and the McKownville Fire Department in providing valuable life preserving information to our community members.

Engineering controls describe UAlbany’s efforts in the renovation of existing residence halls to include full fire sprinkler systems and addressable fire alarm systems. Mohawk Tower on Indian Quad is under renovations, and will be open for the Fall 2013 semester. The Office of Environmental Health and Safety has an energetic program of construction plan review, issuing building permits for construction, construction inspections, and issuing Certificates of Occupancy for safe and code compliant spaces. Engineering controls also describe the on-going inspection, testing and maintenance of fire protection systems on campus. This work ensures that these systems perform as designed in the event of a fire emergency.

Enforcement of state laws, campus regulations, and state fire codes is important in maintaining safe behaviors and buildings. The University at Albany police personnel are sworn police officers empowered to investigate crimes and make arrests. As such, they are responsible for maintaining order through the enforcement of state laws, some of which – arson, criminal tampering, and falsely reporting an incident – have a direct connection to fire safety. Additionally, University Police and Residential Life staff work together in administering campus standards of conduct. These standards can be found in the University at Albany student handbook “Community Rights and Responsibilities”. Conflicts with campus standards can be heard by the Office of Conflict Resolution and Civic Responsibility.
Enforcement and Education work together in an annual fire safety inspection by the New York State Office of Fire Prevention and Control. Every space on campus is inspected in detail on an annual basis. Periodic inspections of residence halls are also made by the Dormitory Authority of the State of New York. While code violations are cited in the inspection process, these inspections are also used as an opportunity to meet face-to-face with resident students to discuss the violations and how they impair their safety.

Please take some time to review the information found in this report. We encourage you to contact the Office of Environmental Health and Safety should you have any questions or comments about this document.

Again, welcome to the University at Albany – I sincerely hope you have a safe and productive campus experience!

FIRE SAFETY EDUCATION

The Office of Environmental Health and Safety employs one fire safety educator who is responsible for providing fire prevention and life safety information to the campus community. Training is provided to all in-coming students through the Summer Planning Conferences. Training is also given to all Resident Assistants and Residence Directors at the beginning of the academic year. The University at Albany was pleased to host a Fire Safety Day in the Fall 2012 semester. This involved a partnership between UAlbany, the New York State Office of Fire Prevention and Control, and the Albany Fire Department. Live fire portable fire extinguisher training is provided throughout the year.

FIRE SAFETY SYSTEMS

University at Albany Residence Halls

All Residence Halls are equipped with addressable fire alarm systems including smoke and heat detection devices. Activated fire alarm systems notify building occupants with distinctive audible and visual notification devices. All fire alarms ring into the Power Plant, which is monitored 24/7/365. EVERY alarm of fire is reported to the municipal fire department. Evacuated buildings are not re-occupied until the fire department has arrived on scene, investigated the alarm, and has given its approval to re-occupy the building.

Several of the Residence Halls have full fire sprinkler systems. Partial fire sprinkler systems are also provided in some Residence Halls to protect common areas, mechanical areas, and the means of egress.

All Residence Halls are provided with emergency illumination through emergency lighting and illuminated exit signs.

Fire alarm systems are inspected, tested and maintained in accordance with NFPA 72 “National Fire Alarm Code”. This work is completed by contract with a third party.

Fire sprinkler systems, fire pumps, and fire hydrants are inspected, tested and maintained in accordance with NFPA 25 “Standard for the Inspection, Testing and Maintenance of Water-Based Fire Protection Systems”. This work is completed by trained employees of the University at Albany.

Emergency illumination is inspected, tested, and maintained by trained employees of the University at Albany.

Special hazard systems are inspected, tested, and maintained by contract with a third party. These systems include the commercial kitchen hood fire suppression systems.

Portable fire extinguishers are found throughout all of our residence halls. Training on the use of portable fire extinguishers can be obtained by contacting the Office of Environmental Health and Safety.

EMERGENCY EVACUATION

Emergency evacuation procedures are posted on the back of every residential suite door.

Procedures:

In case of fire, immediately exit the building. Pull the manual pull station on the way out to notify other building occupants of an emergency. Report to the designated Assembly Area for accountability.

In case of a fire alarm, immediately exit the building. Report to the designated Assembly Area for accountability.

Disabled persons on other than the ground level floor should respond to a designated Area of Refuge or fire-rated stair tower. The fire department’s first incident priority is the rescue of persons who are trapped or cannot evacuate on their own. Persons should not use the elevator as a means of egress.

Residence Hall Emergency Evacuation Drills:

308 emergency evacuation drills were conducted during the calendar year 2012.

University at Albany “Community Rights and Responsibilities”

The “Community Rights and Responsibilities” is administered by the University at Albany Office of Conflict Resolution and Civic Responsibility. Its contents describe standards for student conduct, and identify prohibited conduct that is detrimental to the University at Albany. This report contains excerpts from the document that address campus fire safety. Students may be arrested for violation of student conduct standards that are also violations of state law, and/or may be referred to the campus Judicial System for resolution of strictly campus-related violations.

VI. Prohibited Conduct

The conduct listed in this section is in violation of Community Rights and Responsibilities. Such conduct is expressly prohibited. This list is not exhaustive, but is intended to place students on notice of the types of conduct that may result in disciplinary action. The provisions of Community Rights and Responsibilities shall apply both to conduct which occurs on campus or at University sponsored events and to conduct occurring off campus if such off campus conduct is deemed adverse to the interests of the University community. Prohibited conduct includes not only completed actions but also attempted violations of Community Rights and Responsibilities. Prohibited conduct may result in referral to the judicial system. Student groups and organizations recognized administratively or by student government(s) and/or their officers may be charged with, and held responsible for violations of these conduct codes. Sanctions against the student organization and its officers may include revocation of recognition of the group, loss of permission to use University facilities and the University name, as well as other appropriate sanctions pursuant to Section VIII of this code. It is a violation of University policy for students to affiliate with organizations that have had their University recognition suspended or permanently revoked by the University. The definition of affiliation includes joining, rushing, pledging or being involved in any activity that would normally be associated with being a member of such organization.

1. Fire Safety

Causing or creating a fire.

Tampering with safety measures or devices, including but not limited to, alarm systems, fire extinguishers, exit signs, emergency phone systems, smoke or heat detectors, fire

hoses, security systems, locked exterior doors, etc.

Failing to conform to safety regulations, including but not limited to, falsely reporting an incident, failure to evacuate facilities in a timely fashion in emergency situations or in response to fire alarms, inappropriate use of the fire alarm system.

22. Smoking

Smoking is prohibited in all indoor University buildings, including campus residence halls. Smoking is prohibited out of doors in the following areas: within 30 feet of exterior ventilation intakes; within 10 feet of building entrances and open windows; and in all exterior stairwells.

Residence Hall Regulations

8. Cooking. Cooking is permitted only in residence hall kitchenette areas. Minimal snack preparation is permitted in student rooms. Any open flame cooking equipment, including charcoal barbeque grills, and hibachis must be used outside and at least 30 feet from any building.

9. Appliances. Air conditioners, ceiling fans, microwave ovens and all other cooking appliances are prohibited. For snack preparation, the following appliances, UL approved ONLY, are permitted: pop-up toaster, closed element popcorn popper, thermostatically controlled hot pots and rice cookers, and percolator / coffeemaker.

14. Room decorations. Combustible materials such as posters, pictures, etc. shall be limited to 20% of available wall space in each room. No combustible material shall be allowed on ceilings or on the inside of any door. Fabric, including sheets, fishnet, tapestry, etc. used as decorations are prohibited. Ceiling decorations of all types are prohibited. Curtains must be flame resistant (per NFPA 701) as should any upholstered furniture (labeled CAL 133).

HANDBOOK – University Apartments Office

Fire Safety

NEVER LEAVE COOKING UNATTENDED. One may so busy juggling all their responsibilities that it is easy to forget that something is cooking on the stovetop or in the oven. NEVER leave the kitchen area or the apartment when something is cooking, either in the oven or on top of the stove.

There are different types of fires that can occur in the kitchen; some more serious than others. Typically the most dangerous kitchen fire is a grease fire. A grease fire occurs when oil, butter, or other greases are heated so highly that they ignite. This type of fire
can cause open flames that can extend to kitchen cabinets or other items very quickly. What should you do?

**Grease fires** – If a grease fire is small and ONLY if you are confident you can extinguish it, turn off the burner and smother the fire with a pan lid. Make sure the lid will cover the whole fire. Never, ever, use water to extinguish grease, oil or fat fires because water can precipitate splattering that can cause burns or scalds and spread the fire. Fire extinguishers are not recommended for this type of fire either. Do not attempt to carry the pan from a grease fire outside. The pan will become too hot and the fire will easily spread.

If a grease fire should occur and you are not confident you can extinguish it, do not risk getting burned even to turn off the burner. Evacuate immediately and activate the fire alarm to notify others.

**Oven fires** occur inside the oven. What should you do? Close the oven door and turn off the heat source. The oven fire usually suffocates. Do not take a burning dish out of the oven. Keep stovetop, oven and microwave oven clean. Accumulated grease and food in drip pans and cooking surfaces can cause smoke the next time the appliance is used.

**Dry cooking fires** typically occur on the stovetop if the moisture burns off the pan and the food (or empty pan) is left to scorch and burn. This type of fire will cause a lot of heat and can damage the surrounding area with smoke. This type of fire is prevented by never leaving your cooking unattended and by turning off the burner when food is finished cooking.

**Microwave fires** can occur when food is left to cook in the microwave for too long a period of time. NEVER use aluminum foil or put pots and pans in the microwave. Be careful of travel mugs – aluminum mugs cannot be heated in the microwave. Aluminum will cause a microwave fire. In the event of a fire in a microwave, keep the door closed and unplug or turn off the microwave. DO NOT remove a burning object from the microwave. Keep the microwave door closed, and evacuate the building, pulling the alarm on the way out.

Always follow the following guidelines to prevent fire or burn related injury:
1. Use padded oven mitts when handling a hot pot or pan.
2. Heat oil slowly over moderate heat.
3. Never pour butter or oil on top of something cooking in the broiler. The broiler operates at very high heat and will ignite the grease, causing a fire.
4. Unplug small appliances such as the coffee pot or toaster when they are not in use.
5. Turn off the oven or stovetop as soon as you have finished cooking.
6. Double check that the oven and stovetop are OFF before leaving your apartment.
7. Do not store outdoor barbeque items in your apartment such as grills, charcoal or lighter fluid.
If a fire occurs that is out of your control, EVACUATE AND PULL THE ALARM. Never risk harm to yourself or others. The safety of your life and the lives of your fellow students is more important than any material possessions that may be lost in a fire. Lastly, if you hear the fire alarm, always evacuate the building immediately.

Draperies and curtains not original to the apartment should be labeled “fire resistant” under code NFPA 701. Additionally, draperies, curtains and wall hangings of any material may not cover more than 20% of the surface.

The use of any open-flamed devices such as candles, sternos, incense, and kerosene lamps is prohibited. The following are also prohibited: natural trees, wreaths, paneling, wallpaper or similar coverings, open-element or liquid fueled (kerosene, propane, gas) space heaters, and excessive trash accumulation.

Holiday decorations: only Underwriter Laboratories approved artificial trees or wreaths will be allowed in the University Apartments. A “University Apartment” is defined as any indoor area within the University Apartments; e.g. student rooms / suites, any common area, offices, and staff apartments. Only UL approved menorahs or other lights will be allowed in University Apartments. This policy is based upon New York State Fire Prevention Codes and the Apartments License.
Cooking and Use of Outside Areas

The use of charcoal burners and other open-flame cooking devices shall not be operated within 30 feet of the buildings. Residents are responsible for themselves and their guests in ensuring any outside gathering results in an expeditious and complete clean-up of the area. It is imperative that individuals take very safety precaution when disposing of used charcoal. Once the charcoal is finished being used, allow it to sit in the grill for at least 24-hours before placing it in the dumpster; placing used charcoal in the dumpster too soon will likely start a fire. Violations of this section may result in loss of privileges, as well as more severe sanctions.

Rules and Regulations

4. Fire safety. All residents must evacuate the building when a fire alarm Sounds and move to the opposite side of the street. Failure to cooperate or to evacuate during a fire alarm; causing of a false fire alarm; inappropriate behavior which results in the activation of a fire alarm; interfering with the proper functioning of a fire alarm system; tampering with, damaging or removing fire hoses, extinguishers, exit lights, heat / smoke sensors, extinguisher boxes or alarm covers, or any other fire safety apparatus is strictly prohibited. The use of any open-flamed devices such as candles, sternos, and incense and kerosene lamps is prohibited. The following are also prohibited: natural trees, wreaths, paneling, wall paper or similar coverings, open element or liquid fueled (kerosene, propane, gas) space heaters, and hazardous trash accumulation.

5. Appliances. Students are expected to use appliances furnished in their apartment in the appropriate manner. The student takes full responsibility for the appliances use and functioning during the course of their stay.

POLICY FOR REPORTING ON-CAMPUS FIRES

A fire, for purposes of HEOA regulations, is defined as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

All incidents of fire and alarms of fire on the campus of The University at Albany shall be reported to the local fire department immediately, per the Fire Code of the State of New York. All system reports of fire are signaled to the Uptown Power Plant. The Plant Engineer has no discretion regarding the notification of the local fire department – all alarms of fire must be reported immediately. Reports of fire may also be received by the campus 911 operator. The 911 operator has no discretion regarding the notification of the local fire department – all reports of fire must be reported immediately.

The Power Plant and the University Police Department shall notify The University at Albany Office of Environmental Health and Safety (EH&S) of all incidents of fire as soon as practicable. The 24/7 EH&S on-call list should be used to make this notification.

The University at Albany Office of Environmental Health and Safety will use New York State form DOS-1660 to notify the New York State Division of Homeland Security and Emergency Services – Office of Fire Prevention and Control of every incident of fire on campus pursuant to Title 19 New York Codes, Rules and Regulations Part 500 (19 NYCRR 500).

The University at Albany Office of Environmental Health and Safety will publish incidents of fire on the Fire Safety Log per the United States Department of Education “Handbook for Campus Safety and Security Reporting”.

APPENDIX A

Campus-Wide Initiatives for
Sexual Assault Prevention/Education
and Victim’s Assistance
CAMPUS-WIDE INITIATIVES TARGETED TO PROMOTE BASIC PERSONAL SAFETY AND TO PREVENT SEXUAL ASSAULT

Project REACH Steering Committee on the Prevention of Violence Against Women

The Project REACH Steering Committee on the Prevention of Violence Against Women was formed to develop a working alliance between on campus and off campus key resources for students who have been sexually assaulted. It was also formed and funded as a part of a grant from the Office of Violence Against Women, Department of Justice Grant. The committee was charged with a number of responsibilities: It 1) reviews and refines strategies for communication and collaboration between the University at Albany and our Albany community partners, regarding the provision of service for student victims of sexual assault and other related violent crimes against women, (2) identifies training needs and opportunities for the University at Albany and Albany community partners, (3) recommends changes to the University at Albany policy for responding to sexual assault and related violence against women, (4) works on developing an efficient system for collecting and sharing data and information on incidents of sexual assault and related crimes against women both on and off University at Albany campus. The committee was chaired by Estela Rivero, Ph.D., DOJ Grant Project Director and comprised of University at Albany professionals and community experts.

Presidential Advisory Council for the Prevention of Sexual Assault

The Presidential Advisory Council for the Prevention of Sexual Assault was charged with a number of responsibilities. It monitors the incidence and prevalence of acquaintance rape at the University at Albany, and evaluates and compares our rates to the national level. The council also solicits and receives continuing input from all constituents of the University community and the surrounding communities. The council provides continuing assessment of effective methods of prevention, education and support services to ensure they are in keeping with nationally known best practices. The council was charged to enhance communication about prevention and safety services offered at the University to both the University community and to the community agencies that provide services to our students. The council makes recommendations for long and short-term practices and policies that will enhance the academic and social quality of the campus life, and ensure safety for all students. The council is chaired by Jeanette Altarriba, Ph.D., Vice Provost and Dean for Undergraduate Education, Professor Departments of Psychology and Latin American, Caribbean, and U.S. Latino Studies and comprised of faculty, staff, community experts, and students.
President’s Advisory Committee on Campus Security

The President’s Advisory Committee on Campus Security is charged with reviewing campus security procedures and making recommendations for their improvement. It works with members of the campus community, including those who advise or supervise students, to address issues of personal safety, crime prevention, sexual assault, reporting procedures for incidents and complaints, counseling of victims, and appropriate responses to inquiries from concerned persons. This committee was co-chaired by Inspector Jennifer Fila, M.P.H. of University Police and Diana Mancini, Ph.D. Assistant Dean of the School of Criminal Justice and comprises faculty, staff, and students.

University at Albany Sexual Assault Response Team

The UA Sexual Assault Response Team is charged with discussing the coordination of services and support offered to survivors of sexual assault and/or relationship violence at the University. Representatives from the University Counseling Center, Residential Life, Conflict and Civic Responsibility, Undergraduate Studies, and UPD comprise the Team, which was charged by the Vice President for Student Success and chaired by Estela Rivero, Ph.D., Director, University Counseling Center.

University Counseling Center

Note: As with all successful programs, UCC programs are enhanced by collaboration from many University departments. Of particular note are the many faculty who offer extra credit to students who attend educational programs on sexual assault and other health and safety related topics.

CAMPUS-WIDE INITIATIVES FOR THE PREVENTION OF ALCOHOL AND OTHER DRUG ABUSE

2012-2013 Academic Year

National Leadership in the Alcohol and Other Drug Prevention Field (Cumulative)

Student Involvement/Leadership

• The Middle Earth Peer Assistance Program continues to disseminate a public service media campaign addressing underage drinking at the University at Albany. The UAlbany PSA won a statewide competition in December 2006 and was subsequently adapted for use across the state under the auspices of the New York State Office of Alcoholism and Substance Abuse Services “Underage Drinking-Not a Minor Problem-College Edition” public service campaign, and this statewide PSA has continued to be disseminated locally, statewide, and nationally during the current year.

• The Middle Earth Peer Assistance Program of the University Counseling Center, Division of Student Success, received an Exemplary Substance Abuse Prevention Program Award from the U.S. Department of Health and Human Services Center for Substance Abuse Prevention (CSAP) in 2001. The award-winning program was selected by CSAP in collaboration with the National Association of State Alcohol and Drug Abuse Directors and the Community Anti-Drug Coalitions of America.

• The Middle Earth Peer Assistance Program of the University Counseling Center was nationally recognized by the U.S. Department of Education as one of six universities to be awarded the Alcohol and Other Drug Prevention Models on College Campuses grant (2000-2001). The goal of this funding competition is to identify innovative and effective alcohol and other drug (AOD) prevention programs and disseminate information about these programs to other colleges and universities across the country.

Social Norms Marketing Interventions

• As part of an innovative, evidence-based intervention strategy designed to address high-risk alcohol consumption, a grant program funded by the New York State Office of Alcoholism and Substance Abuse Services (OASAS) has allowed the University at Albany to implement a campus wide social norms marketing campaign designed to correct student misperceptions regarding the role and extent of alcohol use on campus.
Campus and Community Coalitions

- The Committee on University and Community Relations of the Office of Personal Safety and Off-Campus Affairs, University Police Department, was nationally recognized by the U.S. Department of Education as one of four universities to be awarded the Alcohol and Other Drug Prevention Models on College Campuses grant (2006-2012). The goal of this funding competition is to identify innovative and effective alcohol and other drug (AOD) prevention programs and disseminate information about these programs to other colleges and universities across the country.

- The University at Albany was awarded a grant from the New York State Office of Alcoholism and Substance Abuse Services and the Office of Juvenile Justice and Delinquency Prevention in 2004 to participate in the Healthy Campus and Community Demonstration Project. The primary goal of the project was to evaluate the effectiveness of a community-based social norms campaign on the attitudes and perceptions of long-term Albany residents who live in the Pine Hills and Beverwyck neighborhoods. Results from this project have been published in the October 2004 issue of the Report on Social Norms.

- The Committee on University and Community Relations, under the Office of Personal Safety and Off-Campus Affairs, University Police Department, has made an impact upon student access to AOD abuse prevention strategies, and has created an effective partnership with local tavern owners in order to eliminate drink specials, which promote high-risk drinking and its associated consequences. The committee, consisting of student leaders and professional staff from the University at Albany as well as other local colleges - specifically the College of Saint Rose, the Albany College of Pharmacy, the Albany Medical College and the Junior College of Albany/The Sage Colleges, officials from the Albany Police and Fire Departments as well as the Albany Common Council, neighborhood association representatives, community and religious leaders, tavern owners, landowners and representatives from the Empire State Restaurant and Tavern Association, the Albany and Rensselaer County Restaurant & Tavern Association and the New York State Division of Alcohol Beverage Control, is a recognized innovator in the area of Environmental Management strategies. The Committee is nationally recognized in the area of university-community coalitions for the prevention of alcohol misuse and underage drinking. Mr. Thomas Gebhardt, Chair of the Committee, published an article describing the committee’s efforts entitled, "A Campus-community Coalition to Control Alcohol-related Problems Off Campus: An Environmental Management Case Study" Thomas L. Gebhardt, M.A.; Kimberly Kaphingst, M.S.; William DeJong, Ph.D., Journal of American College Health, March 2000. These preventative interventions target first year students, student-athletes, fraternity and sorority members, students mandated to the Office of Conflict Resolution and Civic Responsibility for alcohol policy violations, and students who seek health-related services at the University Health Center. The ancillary risky behaviors addressed are linked to current alcohol use and the potential for compromising a college student’s health and safety.

- Development of a campus-community referral network for students with alcohol/substance abuse concerns and issues.

Interventions for Mandated Students

- Implementation and adaptation of an adapted BASICS intervention with students mandated for University alcohol policy violations.
Policy Evaluation and Enforcement

- Continued implementation of a University at Albany *Good Samaritan 911 Policy* to support students who seek assistance in the case of a medical emergency, either for themselves or for other students.

- Consistent provision of timely and effective adjudication by the Office of Conflict Resolution and Civic Responsibility and Department of Residential Life of alcohol related incidents among students.

- Referral of students who violate University alcohol or other drug policies/community standards by the Office of Conflict Resolution and Civic Responsibility to the University Counseling Center’s BASICS program.

- Referral of students who violate alcohol policies to the Office of Conflict Resolution and Community Responsibility and/or the University Police Department or local police agencies as appropriate.

- Development and dissemination of materials concerning drinking laws and the penalties associated with fake or altered identification.

- Regular meetings with Student Success staff and the Interfraternity Council (IFC) and its members to discuss the IFC alcohol policy.

- Development, dissemination, evaluation and revision of alcohol policies by the Division of Student Success and the Office of Human Resources.

- Development and enforcement of alcohol policies by self-regulating student groups such as the Interfraternity Council, Pan Hellenic Association, and fraternity and sorority organizations.

- Establishment of quadrangle-based liaison programs with the University Police Department and University Counseling Center.

- Training of University Police Department officers in the operation of alcohol detection equipment and recognition of impaired operation of vehicles.

- Training of University staff in the recognition of and intervention for students under the influence of alcohol or other drugs.

Parental Involvement

- Enlisting parents and families in the University alcohol abuse prevention campaign through the development and dissemination of materials describing (1) the actual alcohol use rates by students (part of the University’s social normative campaign), and (2) how parents can play an active role in the prevention of substance abuse.
Participation by parents and families of incoming first year students in a “Transitions” orientation program addressing accurate norms and rates of alcohol use by University at Albany students and outlining strategies for discussing parental expectations around academic performance and alcohol and other drug prevention.

Treatment and Referral

- Enhancement of a referral network for students with alcohol/substance abuse concerns and issues.
- Assessment, treatment, and referral of students who need treatment for alcohol and other drug concerns by the University Counseling Center.
- Scheduling and technical assistance to Alcoholics Anonymous (AA) groups on and off campus.

Research

- Re-administration in Spring 2013 of the UAlbany Student Health Survey. Students were administered the survey from a stratified random sample of classrooms selected under the guidance of the University’s Office of Institutional Research, Planning, and Effectiveness. This research is part of a campus and national effort to assess college health factors impacting academic performance, retention and campus life. Results of the survey are currently being used to generate incidence rates of student's behavior and perceptions. This data will help to plan programs, prioritize campus needs, allocate resources, design strategies for intervention, and identify protective and risk factors associated with academic performance.
- Ongoing evaluation of AOD abuse prevention initiatives, including the social norms media campaign, campus presentations and events, and Middle Earth Players programs.
- Evaluation of the STEPS/BASICS program, including the collection of prevalence data, assessment of student AOD perceptions and attitudes, the collection of feedback from participants regarding their experience in the program, and outcome evaluation (including changes in substance use and decrease in the occurrence of negative consequences associated with substance use).
- Collaboration with faculty members in the publication of articles in professional journals targeted to colleges and universities and the AOD abuse prevention area. Articles written in 2009-2012 have been accepted for publication or have been published in the Journal of Studies on Alcohol and Drugs, Alcohol Dependence, and the Journal of American College Health.
Grant Activities

During the 2012-2013 academic year, the University Counseling Center implemented the following grants to address high-risk drinking and related risk behaviors in several sub-populations of University at Albany students:

- **Evaluating the Effects of Screening and Brief Intervention for Cannabis and Non-Medical Prescription Drug Use among College Students (Faculty Research Award)**
  The purpose of this study is to implement and evaluate a comprehensive Screening and Brief Intervention program, based on the NIAAA Tier I Brief Alcohol Screening and Intervention for College Students (BASICS) model, to meet the unique needs of students using cannabis and other illegal drugs.
  **Funder:** Division for Research, University at Albany, SUNY
  **Award Amount:** $3,960  **Project Dates:** 5/1/12-4/30/13

- **Expanding Evaluation Capacity for the STEPS Comprehensive Alcohol Screening and Brief Intervention Program**
  The purpose of this study is to enhance and further evaluate a comprehensive Screening and Brief Intervention program, based on the NIAAA Tier I Brief Alcohol Screening and Intervention for College Students (BASICS) model, to meet the unique needs of students mandated to the University judicial system for alcohol policy violations at a large public university.
  **Funder:** Center for Substance Abuse Prevention, Substance Abuse and Mental Health Services Administration, U.S. Department of Health and Human Services (SAMHSA-CSAP)
  **Award Amount:** $30,000  **Project Dates:** 2/1/11-9/30/12

- **Examining the Efficacy of Alcohol Screening and Brief Intervention within University-based Health Care Settings (K23 Mentored Patient-Oriented Career Development Award for Dr. M. Dolores Cimini)**
  The aim of this project is to examine the efficacy and cost-effectiveness of the delivery of alcohol screening and brief intervention in a variety of delivery formats in reducing alcohol use and related negative consequences in a target population of undergraduate and graduate students seeking services at university-based primary medical and mental health care settings. The specific aims of this research will be accomplished in the context of a longitudinal randomized controlled trial (RCT) using a between-group design to assess short-term and longer-term efficacy of BASICS, e-Chug, and personalized drinking feedback-only in reducing alcohol use and associated negative consequences. Emphasis will be placed on the evaluation of moderators and mediators of treatment efficacy, and will evaluate patterns of and changes in participant academic performance and retention across time for study participants.
  **Funder:** National Institute on Alcohol Abuse and Alcoholism (NIAAA)
  **Award Amount:** $736,000  **Project Dates:** 10/1/10-9/30/15

The science-based interventions implemented in the above projects have been developed and rigorously researched and designated as model strategies. For each of the above projects, a primary goal involves the institutionalization of effective program components and dissemination of information concerning the effective components of each project to Institutions of Higher Education at a local, state, and national level.
